Professional Summary :

As a MERN Stack developer, I am skilled in building user-friendly and responsive web applications. I am proficient in various modern tools for both front-end and back-end development, such as HTML/CSS, JavaScript, SCSS, and Tailwind. I also have full-stack experience with Node.js, Express, and MongoDB, enabling me to collaborate effectively on the interaction between front-end and back-end components.

Front-end skills :

JavaScript (ES6+), HTML, HTML5, React.Js, Next.Js, TypeScript, DOM, Redux, CSS, CSS3, SASS / SCSS, Bootstrap, Tailwind, DaisyUI, React Router, Recharts, TanStack Query.

Back-end skills : Node.Js, Express.Js, JSON Web Tokens, RESTful APIs.

Tools: Git, Vercel, Firebase Hosting, Netlify Figma, GitHub.

Work Experience :

- **Teacher** at Muktanchal Model School.(2022-2023).
- **Assistant Shipment Manager** at Grand Fit Fashion Wear Co., LTD (2023-2024).
- **Branch In-Charge** at Indian Royal and Sea Inn Guesthouse (2024).

Projects:

- **Obsnest Market** [GitHub \(Front-End\)](#) [GitHub \(Back-End\)](#)

Technologies : React Js, Vanilla CSS, TanStack Query, DaisyUi with Tailwind, Node Mongo Express.

- **Projects Descriptions :** This is demo showcases marketplace website. Where users can browse products, items to their cart, and place orders seamlessly. Designed for responsiveness and user-friendliness, the site provides an intuitive shopping experience across all devices.

- **Indian Royal** [GitHub \(Front-End\)](#) [GitHub \(Back-End\)](#)

Technologies : React Js, Vanilla CSS, TanStack Query, DaisyUi with Tailwind, Node Mongo Express, Stripe Payments. JSON Web Token.

- **Projects Descriptions :** This website was developed for a Cambodian hotel and restaurant company that offers a variety of services, including Indian cuisine, guesthouse rentals, and a selection of clothing products. It allows the company to efficiently manage users, product items, and various activities. I designed the website to be user-friendly and fully responsive, ensuring a seamless experience across all devices.

Certification :

Completed **Web Development Course** at Programming Hero, covering HTML, CSS, Bootstrap, JavaScript, React (including React Router and hooks), TanStack Query, Recharts, Node.js, Express, MongoDB, and secure API development with JWT tokens

Languages : Bangla (Native), English (Fluent), Hindi (Fluent), Khmer (Primary).
